Dear Nicholas,

You are correct that I missed the other brick change which was not apparent from the submission and I simply went off our previous conversation. However, the decision notice clearly approved the revised materials schedule and having compared the plot 2/3/4 facing bricks this morning, I have no concerns with that change. Therefore, there is no need for a revised decision notice or a new application. I will put this note on our file for future reference.

Kind Regards

Dear Mr Davis

Thank you for your prompt consideration of the revised brick proposals.

Following my enquiry to you via e-mail on 28/05/21 It became apparent that the applicant was also proposing a substitute facing brick to the other 3 plots, 'Michelmarsch Freshfield Lane 1st quality multi stock bricks' which they are using on their other site close by in 'Canal Mews, Barnham'.

From the decision notice it would appear that you may not have considered the substituted materials schedule as a whole. Apologies if my previous e-mail has caused any confusion and trust that a revised decision notice can be issued please, if you feel that this is necessary.

Kind regards
Nicholas Lack
