Thank you for your recent application which I received on 12th July 2020. It is being validated by Ms Iqraa Malik who will be able to assist you should you have any questions.

I regret that I am unable to accept your documents as a formal application until the following item(s) have been received or resolved :-

Block Plan

Please amend the scale bar on your Block Plan as this doesn't measure to scale. You are required to have dimensions from the proposed extension to all site boundaries. Please amend. Further details of what must be included on the plan can be found in the Validation Requirements List.

Elevations

Please submit a copy of clearly labelled existing and proposed elevations at a scale of 1:50 or 1:100. Further details can be found in the Validation Requirements List.

Where the information requested above relates to a local validation requirement, you may request that the requirement is waived. The information requested should be reasonable having regard to the nature and scale of the proposed development and about a matter which it is reasonable to think would be a material consideration in determining the application. If you do not feel this is the case, you can serve a notice on the Council, specifying which particulars or evidence you do not consider meet this test of reasonableness. You must state which items you disagree with and set out the reasons why you hold the view, please quote the application reference in your letter or email. The Council will then consider your case and respond. It should be noted that there is no right to challenge the national requirements as these requirements are contained in planning legislation.

Please provide the above by **29th July 2020** or your application will be closed as incomplete and you will have to resubmit if you wish to proceed. If you have difficulty meeting this deadline please contact the above officer to discuss the matter.

If you made a paper application and did not provide an email address, please could you do so to enable us to contact you swiftly with any queries or issues.

Yours sincerely
