Dear Iqraa
Thanks for your advice.
Please find attached:

- CIL form;
- Block plan showing fence location; and
- Location plan showing proposed new boundary line.

Should you need anything further, please let me know.,

Kind regards

Rachael

Good afternoon,

It is fine to email additional information to me.

Unfortunately, your application is still invalid as the location plan you have submitted requires a red outline around the entire site. The location of the new fencing must be shown on your block plan, not the location plan. Please amend this.

You are also required to complete a CIL Form. I have attached one to this email, please fill this out and send it back to me.

Kind Regards
Iqraa Malik

Please find attached:

- front photo
- Side photos
- 1:1250 location plan
- 1:1250 location plan with proposed fence line marked in red
- 1:50 elevation plan

Is this additional information acceptable sent by email, or does it need adding onto the planning portal?

Please let me know if you require any further information.

Kind regards

Rachael

Good afternoon,

Yes, an elevation plan showing the proposed fence panels you plan on installing would be required in order to validate your application.

Kind Regards

Iqraa Malik

Please see photos of the current flowerbeds that are currently outside of our walled garden, but within our boundary line.

We are not wanting to remove the current boarder plants etc, but will add the fence to the boundary line to encompass them within our garden.

We will prepare a Location Plan at a scale of 1:1250.

When you ask for an Elevation plan - there is currently a 6ft high wall then flowerbed to the boundary.
We would like to add the fence to enclose the flowerbed into the garden and remove that section of wall.
Do you want us to show an elevation plan of 6 x 6ft high fence panels?
