

Little Barton, Barnham

The trees in question are as follows,

T1 Maple in good health, the proposed work would be to reduce the Height by 2 metres and the lateral canopy spread by 2 metres

the trees has increased in size since they moved in 10 years ago and in recent years a lot of money has been spent restoring the wall that the trees roots have affected, by reducing the canopy size intern will reduce the risk of any more damage being caused.

All work will be completed in accordance of British Standards bs3998 / 2010
