Dear Ms Tomalova,

My apologies I did not complete the original e-mail with the distance to the nearest fire hydrant.

Currently the nearest Hydrant to these proposed properties is 280 metres away. The supply of water for firefighting for a commercial premises should be within 90 metres.

Sorry for the confusion, please let me know if you require any further information.

Regards

Dear Mr Stocks,

From your comments on the above application is not clear how far is the nearest hydrant.

Kind regards
