Dear Simon

Please find attached external lighting general arrangement layout based on the previously issued reports and schedule. We note the controls and timings are in place to ensure these will 'on' to the minimum amount of time whilst allowing safe access to and from the building.

This layout has been operational for a period of time, and I am not aware of any adverse comments

Kind regards

Mark

Morning Simon

Thank you for your email.

That is good news regarding Condition 16 & Condition 21

We were on the same timeline for Condition 23; having not had a response I spoke with the services engineer yesterday. I put pressure on, noting they are holding up the whole process and asked for the end of the week but in practice it is more likely the following week. I will chase on Friday and let you know any update.

I would be very grateful if you could accommodate the above timescale.

Kind regards

Mark
