Engineers Comments Regarding Surface Water Drainage

It is recommended that condition 4 (relating to surface water drainage) applied following approval of application EG/50/16/PL be discharged. Please ensure that the following documents are uploaded to the public portal and that the development is constructed in accordance with them:

SW Network 1 & 2_C

C1255_Drainage Details_200_P2

C1255_Drainage Layout_100_P3

C1255_Drainage Layout_101_P3

Thank you and kind regards

Sarah Burrow

Hi Sarah,

The drainage person for Copsefield has got back to me today can you see if everything has been answered so I can get the DOC out.

Thank you,

Finlay

Thank you Finlay.

I have forwarded your message to our drainage consultant who is working on this now.

Chris, to save time can you please send any messages to Finlay direct. Thank you.

Best wishes,

Michael.

Brilliant. I am leaving the office today at 5, if you respond after I will deal with it first thing tomorrow.

He has indeed I am on to writing the discharge of condition up before sending it over to my manager.

Kind regards

Finlay Gardner

Good afternoon Michael,

Please see attach comments that have just come through from the drainage engineers.

I will pass on your reply as soon as I get it to ensure the maximum amount of time is available for responses.

Kind regards,
Finlay Gardner

Subject: RE: Application BN/83/19/DOC

Hi Finlay,

1. I have now tested the proposed soakaways on two programs, both of which have them surcharged (slightly) for a 1 in 100 year +40% event.
2. The applicant will need to submit calculations for the permeable paving. Alternatively they can choose to direct the surface water to the soakaways and upsize them with amended calcs. If they choose to infiltrate through the paved area then they will need to consider putting in check dams to prevent the water cascading to the lower levels as the site has a significant slope. Alternatively the base can be formed flat but this will require more stone. Either option will need to be shown in detail drawings.
3. The 5/20 stone is acceptable as long as it is free from fines and achieves 30% voids.

Please can you pass this on to the applicant so that they can address the issues.

Kind Regards

Subject: FW: Application BN/83/19/DOC

Importance: High

Hi Sarah,

I have had the agent get back to me regarding the drainage on the application and dealing with the 10 issues raised last time. Would these be acceptable? They are time pressured due to the permission running out on Friday. Any information that you need please let me know and I will get it for you as soon as possible.

Kind regards

Finlay Gardner

Good afternoon Finlay,

Further to my message yesterday, I am assuming you have all the information you require to process the DOC applications. Is there anything I can do?

Thank you.

Best wishes,

Michael.
