Dear Tilly

As you have submitted a Full Planning application, you need to submit all the required documents in accordance with the Validation Requirements. I have attached the link below.

<https://www.arun.gov.uk/download.cfm?doc=docm93jjm4n15087.pdf&ver=15492>

Kind Regards

Nicky Moore

Subject: BN/97/20/PL - Angels Nursery, Barnham

Dear Nicola,

I have received your invalid letter for the above application at Angels Nursery, Barnham.

I note that you ask for a block plan of the site, however could you confirm that the attached, submitted layout doesn't meet these requirements?

I am surprised to see the request for a Surface Water Drainage Statement and Environmental Assessment Statement. This application proposes the construction of houses which are part of the wider development of the application site. Issues such as drainage and environmental matters are covered by the outline and reserved matters applications for the wider area. Given that the proposed sales area will be in place for a short time, and reverted back to the approved RM layout once development on site is complete it is not considered that these documents are required for this proposal. Please could you confirm?

I look forward to hearing from you soon.

Kind regards,

Tilly
