Hi Sian,

Thanks for email.

Attached is clearer location plan showing full boundary and buildings marked out.

Kind regards

Andrew

Hello Andrew

Thank you for your email, the plans are all fine, with the location plan you are required to include all the land that is on the site as well as the buildings so the entire site area.

Kind regards

Sian

Dear Sian,

As requested attached are the 5 elevations to scale of the:

- Pedestrian Gate existing
- Vehicular Gate existing
- Entrance Gates proposed
- Trellis (section) existing
- Vegetal Pergolas proposed

Also attached is a much clearer Location Plan that I now have.

The **Design and Access Statement** will follow very shortly.

Kind regards,

-Andrew

Dear Andrew

Apologies in the delayed response your additional information was only sent over to me late on Friday, in regards to the scale any scale is acceptable but 1:100 which is 1m = 1cm is easiest to draw or 1:50 which is 1m = 2cm. We would need a scaled drawn elevation of the gates, trellis and pergola, one of each is fine as there all the same height, as long as a dimension is on the plan stating the height of them then that will be fine.

Kind regards

Sian
