To Whom It May Concern,

Re : Cottage Piggeries, Church Lane, Barnham

I refer to the property above occupied by Mr & Mrs Albert Brazil and their four children, and which is immediately adjacent to where I live with my own family.

There is currently on this land, in the South Western end and sited on what I believe to be classified as flood plain abutting Barnham Rife, a mobile home, tin roofed barn, dog kennels and numerous other outbuildings. I am told that Mr Brazil now wishes to remove the mobile home and all the other buildings mentioned above from the site, lift all concrete hardstanding (which forms a yard area), and grass over the entire area. He then would replace this development with a single storey bungalow with dormer windows facing west over open farmland and sited further up the property beyond the flood plain, a brick and timber garage, and all screened from view by hedging. There is also the intention to plant hedging/trees along the entire boundary with my property so as to provide seclusion.

If Mr & Mrs Brazil propose to submit an application along the lines above I would intend to support the same.
