Mr Simon Davis
Arun Council

Dear Mr Davis

My neighbour Mr Brazil has asked me to write to you to support his application to build a bungalow with dormer windows in place of a caravan on his property. He lives at the Cottage Piggones & I live two doors down at the Cottage, Church Lane, Barnham.

At present his caravan is visible from the bottom of my garden, but Mr Brazil tells me the proposed new dwelling in place of his would be more centrally located on his property.

Given this & my desire to support him in building a better home for his family, I hope this letter of support is helpful.

Yours faithfully

THE COTTAGE,
CHURCH LANE, BARNHAM
