Recommendation	No Objection No Objection – with conditions Objection Holding Objection

EH Comments: Eh concern relates to noise generated by the plant, not the advertisements or shopfront. The applicant should submit noise data for the plant.

Conditions Recommended:

EHN23 : Building services plant (BS4142:2014+A1:2019)
EH - see notes

No internally or externally located plant, machinery equipment or building services plant shall be operated on the site until an assessment of the acoustic impact arising from the operation of all such equipment has been submitted to and approved in writing by the Local Planning Authority. The assessment shall be undertaken in accordance with BS 4142:2014+A1:2019 and shall include a scheme of attenuation measures to mitigate the adverse impacts identified in the acoustic assessment. The scheme shall ensure that the rating level of noise emitted from the proposed building services plant is 5 dB less than the prevailing background sound level (LA90). The scheme as approved by the Local Planning Authority shall be fully installed prior to first operation of the plant and shall be retained as such thereafter. Any agreed attenuation measures shall be permanently maintained in good working condition.

The applicant should review the Planning Noise Advice Document – Sussex,

November 2023:

<https://www.arun.gov.uk/download.cfm?doc=docm93jjm4n19846.pdf&ver=24686>.

Reason:

**EHAIR3 : Installation of grease traps in new, commercial hot food premises
EH - see notes**

The drainage serving the kitchen(s) at the proposed commercial hot food business shall be fitted with a grease trap/separator of a proportionate capacity to effectively contain grease residue arising from the estimated numbers of hot meals served and wastewater flow rate. Prior to the first operation of the premises hereby approved, the applicant shall provide the Local Planning Authority with details of their proposed grease trap/separator for approval in writing in order to demonstrate that the design and installation will be compliant with BS EN 1825-1:2004 and BS EN 1825-2:2002 or other effective means of grease removal. The approved system shall be implemented in accordance with the agreed details and maintained and retained in perpetuity.

Reason:

To protect the amenity of nearby local residents in accordance Arun Local Plan policy QE SP1.

EHAIR4 : Control of fumes, odours, and cooking smells

Prior to the first operation of the premises, a scheme and maintenance schedule for the extraction and treatment of fumes and odours generated from cooking or any other activity undertaken on the premises, shall be submitted to, and approved in writing by the Local Planning Authority. Any equipment, plant or process provided or undertaken in pursuance of this condition shall be installed prior to the first operation of the premises and shall thereafter be operated and retained in compliance with the approved scheme.

The applicant should refer to the following document:
