DEVELOPMENT PLAN POLICES

[Arun Local Plan 2011 - 2031:](#)

PLANNING POLICY GUIDANCE:

NPPF	National Planning Policy Framework
NPPG	National Planning Practice Guidance

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND**ADVERTS**

Regulation 3(1)(a)(b), 3(2)(a)(b) and 4(3) of the Town and Country Planning (Control of Advertisements) Regulations 2007 states:-

"3(1) A local planning authority shall exercise its powers under these Regulations in the interests of amenity and public safety, taking into account -

- (a) The provision of the development plan, so far as they are material; and
- (b) Any other relevant factors.

(2) Without prejudice to the generality of paragraph (1)(b) -

(a) Factors relevant to amenity include the general characteristics of the locality, including the presence of any feature of historic, architectural, cultural or similar interest;

(b) Factors relevant to public safety include -

(i) The safety of persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);

(ii) Whether the display of the advertisement in question is likely to obscure or hinder the ready interpretation of any traffic sign, railway sign or aid to navigation by water or air;

(iii) Whether the display of the advertisement in question is likely to hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.

4(3) In determining an application for consent for the display of advertisements, the local planning authority may have regard to any material change in circumstances likely to occur within the period for which the consent is requested.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS**PRINCIPLE**

Paragraph 132 of the National Planning Policy Framework (NPPF) states -The quality and character of places can suffer when advertisements are poorly sited and designed. A separate consent process within the planning system controls the display of advertisements, which should be operated in a way which is simple, efficient and effective. Advertisements should be subject to control only in the interests of amenity and public safety, taking account of cumulative impacts.

DESIGN AND VISUAL AMENITY

Given the extent of advertisements already present on the site and in the immediate vicinity the design and location of the proposed advert is not considered that to have an unacceptably adverse impact upon visual amenity nor will retail amenity of nearby properties be

unacceptably affected.

The advert is positioned on the south-east elevation at a bus stop. The advertisement is illuminated but not considered to be overly loud or obtrusive given the context of the area. The advert is of a reasonable design and small size and does not have a detrimental impact on the visual amenity of the area.

PUBLIC SAFETY

In terms of public safety, it has to be considered whether the advertisement itself or its location is likely to be so distracting or so confusing, that it creates a hazard, or endangers people in the vicinity who are taking reasonable care for their own, or others, safety. The proposed advert by virtue of its location and size are not considered to have an adverse impact of the safety of pedestrians or road users.

SUMMARY

In the absence of harm to amenity or public safety, it is recommended that the application be approved, subject to the conditions set out below.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
