Dear Chris,

I haven't had a reply to my email of the 24th August in which I requested that you post in paper copies of the elevations plan. I need to be able to accurately scale the drawings in order to write up the report. Can you please post me a copy of the plan.

Kind Regards

Hi Chris,

Thanks for that. Can you post in a paper copy of the proposed elevations plan please.

Kind Regards

Dear Simon

The paper is A4 at 1:100

With scanning it may of thrown the scale out slightly. The door will be a standard height with only the fascia above them.

Kind regards

Dear Chris,

I haven't had a reply to my email below of the 27th July. Please can you respond and correct the submitted plans if necessary.

Kind Regards

Dear Chris,

Thanks, I visited today. I have a query. The submitted elevations are labelled as being 1:100. The plan I have on file has been printed at A4. There is no indication given on the plan or in the portal submission as to the correct paper size. With this scale, the building measures at 2.1m high and the height of the rear doors is only 1.6/1.7m. Can you check this please.

Kind Regards
