Dear Chris,

I have received your plans in the post. I am afraid that the plans still do not scale properly as at 1:100 (scale as shown on the plan), the height of the new patio door is only 1.7m. However, I have agreed with my Team Leader that we will proceed to approve the application regardless.

Please agree to an Extension of Time until Friday 01 December to enable this to be written up and signed-off.

Kind Regards

Dear Chris,

I note I have not received the hard copy plans as requested. I want to approve this application but if I do not receive the hard copy plans then I will be forced to refuse for insufficient information.

Dear Chris,

Thanks for your email to Daun.

I refer you back to my email of 04 October. I simply said I needed you to send in a hard copy of the elevation plans for my attention. I accept that you say that they scale correctly but the plans I have on the file do not and I need the hard copies to measure some elements and then complete my officer report.

Kind Regards

Did you email or speak to Chris about the above?

Dear Mrs. Johnson,

I have been instructed to amend the elevations in respect of the above, although these are to scale at 1:100 and show the door sizes correctly.

Can I therefore ask for clarification as to what the query is as my client would like this to be validated.

I look forward to hearing from you.

Regards.
