Dear Jonathan,

I had a chat with my Team Leader about this one yesterday. We have a current concern re the increase in height from two storeys to three and we will need to consider this further. I do acknowledge the three storey building opposite but this is also a prominent location which draws the eye when approaching from the north. In order to assist us in this, can you provide us with a streetscene drawing showing the proposed building alongside the existing adjacent buildings. Please also indicate whether there will be any change in ground and finished floor levels. Can you give me a timescale on when you can get this information to me.

Kind Regards

Simon J Davis MRTPI
