

DECISION NOTICE

Application Ref: BR/107/21/PL

1 To Addressee

Whaleback Planning & Design
The Old Bank
257 New Church Road
Hove
BN3 4EE

2 Site Address

283-285 Chichester Road
Bognor Regis
PO21 5AH

3 Description of Development

Replacement of semi-detached buildings with terrace of 3 No. houses. This site is in CIL Zone 4 & is CIL Liable as replacement dwellings.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans

Drwg 01 Rev B "Location Plan";
Drwg 03 Rev A "Block Plan as Proposed" (1:500);
Drwg 101 "Ground Floor Plan 3B/5P Option B";
Drwg 102 "First Floor Plan 3B/5P";
Drwg 103 "Second Floor Plan 3B/5P";
Drwg 104 "Front Elevation 3B/5P";
Drwg 105 "Side Elevation 3B/5P";
Drwg 106 "Rear Elevation 3B/5P";
Drwg 107 "Side Elevation 3B/5P";
Drwg 108 "Roof Plan 3B/5P";

Drwg 109 "Cross Section 3B/5P";
Drwg 110 "Front Elevation (Terraced)";
Drwg 111 "Rear Elevation (Terraced)";
Drwg 112 "Roof Plan 3B/50 (Terraced)";
Drwg 115 Rev A "Site Plan as Proposed" (1:200);
Drwg 116 Rev A "Site Plan as Proposed" (1:100); and
Drwg 117 Street Scene as Proposed".

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policies D DM1, D SP1, QE SP1 and T SP1 of the Arun Local Plan.

- 3 Development shall not commence, other than works of site survey and investigation, until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority. The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, and the recommendations of the SuDS Manual produced by CIRIA. Winter groundwater monitoring to establish highest annual ground water levels and winter Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage. No building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies W SP1, W DM1, W DM2 and W DM3 of the Arun Local Plan. This is required to be a pre-commencement condition because it is necessary to implement the surface water drainage system prior to commencing any building works.

- 4 No development above damp proof course (DPC) level shall take place unless and until a colour schedule of materials and finishes to be used for all external surfaces of the proposed building has been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the building.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality in accordance with policy D DM1 of the Arun Local Plan and the NPPF.

- 5 No development above damp proof course (DPC) level shall take place until full details of the placement of either 1 nesting box or 1 bat tile per terraced house have been submitted to and approved in writing by the Local Planning Authority. The approved details shall then be implemented in full prior to occupation and thereafter retained to the satisfaction of the Local Planning Authority.

Reason: In the interests of biodiversity enhancement as per the requirements of Arun Local Plan policy ENV DM5 and the National Planning Policy Framework.

- 6 Prior to occupation of any of the dwellings, a scheme for the provision of facilities to enable the charging of electric vehicles to serve the approved dwellings shall be submitted to the local planning authority for approval and thereafter implemented in accordance with the approved details and the charge points shall thereafter be retained and maintained in good working condition.

Reason: New petrol and diesel cars/vans will not be sold beyond 2030, to mitigate against any potential adverse impact of the development on local air quality and to provide sustainable travel options in accordance with policies T SP1, T DM1 & QE DM3 (c) of the Arun Local Plan, the Arun District Council Electric Vehicle Infrastructure Study (November 2017) and the National Planning

Policy Framework (NPPF).

- 7 No part of the development shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details submitted to and approved by the Local Planning Authority. The approved cycle storage spaces shall thereafter be permanently retained and maintained in good working condition.

Reason: To provide alternative travel options to the use of the car in accordance with Arun Local Plan policies T SP1 & T DM1 and the National Planning Policy Framework.

- 8 No part of the development shall be first occupied until the car parking has been constructed in accordance with the approved site plan. These spaces shall thereafter be retained at all times for their designated purpose.

Reason: To provide car-parking space for the use in accordance with Arun Local Plan policy T SP1 and the National Planning Policy Framework.

- 9 None of the new houses shall be occupied unless and until the applicant has submitted a scheme for approval by the Local Planning Authority to demonstrate that the development will incorporate decentralised, renewable and low carbon energy supply systems. The approved scheme shall thereafter be implemented prior to occupation of the dwellings and any approved renewable energy supply systems shall be permanently retained & maintained in good working order thereafter.

Reason: To ensure that the development is energy efficient and in accordance with policy ECC SP2 of the Arun Local Plan.

- 10 No demolition/construction activities shall take place other than from 08:00 hours until 18:00 hours (Monday to Friday) and from 08:00 hours until 13:00 hours (Saturday) with no noisy work on Sunday or Bank/Public Holidays. In addition to these hours of working the Local Planning Authority may, upon application, approve in writing a schedule of activities where it is necessary to conduct works outside the hours specified in this condition.

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Arun Local Plan.

- 11 Prior to the occupation of any of the new houses, a strategy for the provision of the highest available headline speed of broadband provision to future occupants of the site shall be submitted to and approved in writing by the Local Planning Authority. The strategy shall consider the timetable for the delivery of 'superfast broadband' (defined as having a headline access speed of 24Mb or more) in the vicinity of the site (to the extent that such information is available). The strategy shall seek to ensure that upon occupation of a dwelling, the provision of the highest available headline speed of broadband service to that dwelling from a site-wide network is in place and provided as part of the initial highway works and in the construction of frontage thresholds to dwellings that abut the highway. Unless evidence is put forward and agreed in writing by the Local Planning Authority that technological advances for the provision of a broadband service for the majority of potential customers will no longer necessitate below ground infrastructure, the development of the site will continue in accordance with the approved strategy.

Reason: To safeguard the amenities of future residents in accordance with Arun Local Plan policy TEL SP1

- 12 All bathroom/toilet windows shall be glazed with obscured glass and permanently retained so thereafter.

Reason: To protect the amenities and privacy of future occupiers and of the adjacent properties in accordance with policies D DM1 and QE SP1 of the Arun Local Plan.

- 13 Notwithstanding the provisions of Parts 1 & 20 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order, 2015 (as amended) (or any Order revoking or re-enacting this Order) no rear dormer/roof extensions/alterations to the three terraced houses shall be constructed unless permission is granted by the Local Planning Authority on an application in that behalf.

Reason: In the interests of amenity having regard to the windows in the approved flatted building to the rear in accordance with policies D DM1, D DM4 and QE SP1 of the Arun Local Plan and the Arun Design Guide.

This application is subject to the Community Infrastructure Levy (CIL) as levied under Arun district Council's CIL Charging Schedule as adopted on 15th January 2020.

Shortly you will receive a Liability Notice which includes the calculated charge and person(s) liable to pay. If you have not submitted all the necessary CIL forms such as Assumption for Liability ([Form 2](#)) or any appropriate exemption or relief forms available on the Council's website <https://www.arun.gov.uk/cil> you must do so prior to commencement of your development. Failure to do so would invalidate any claim for exemption or relief. Furthermore, you must remember to submit your Commencement Notice no later than the day before the day on which the chargeable development is to commence. Failure to do so could result in a surcharge of up to £2,500.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

INFORMATIVE: Infiltration rates for soakage structures are to be based on percolation tests undertaken in the winter period and at the location and depth of the proposed structures. The percolation tests must be carried out in accordance with BRE365, CIRIA R156 or a similar approved method and cater for the 1 in 10 year storm between the invert of the entry pipe to the soakaway, and the base of the structure. It must also have provision to ensure that there is capacity in the system to contain below ground level the 1 in 100 year event plus 40% on stored volumes, as an allowance for climate change. Adequate freeboard must be provided between the base of the soakaway structure and the highest recorded annual groundwater level identified in that location. Any SuDS or soakaway design must include adequate groundwater monitoring data to determine the highest winter groundwater table in support of the design. The applicant is advised to discuss the extent of groundwater monitoring with the Council's Engineers. Supplementary guidance notes regarding surface water drainage are located here <https://www.arun.gov.uk/surfacewater>. A surface water drainage checklist is available here <https://www.arun.gov.uk/drainagechecklist> on Arun District Council's website, this should be submitted with a Discharge of Conditions Application.

INFORMATIVE: A formal application for connection to the public sewerage system is required in order to service this development, please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk. Please read the New Connections Services Charging Arrangements documents which is available to read at <https://beta.southernwater.co.uk/infrastructurecharges>.

INFORMATIVE: There is an existing public foul sewer situated to the east of the existing building within the site access. This should either be protected or if this is not possible, diverted. Southern Water state that:

- The public foul sewer requires a clearance of 3 metres on either side of the sewer to protect it from

construction works and to allow for future access for maintenance.

- No development or tree planting should be carried out within 3 metres of the external edge of the public foul sewer without consent from Southern Water.
- No new soakaways should be located within 5 metres of a public sewer and rising main.
- All existing infrastructure should be protected during the course of construction works.

Please refer to: southernwater.co.uk/media/3011/stand-off-distances.pdf.

INFORMATIVE: The development shall be carried out in accordance with the "Arun District Council Construction Code of Practice: For small developments in Arun" - see <https://www.arun.gov.uk/download.cfm?doc=docm93jjm4n12193.pdf&ver=12201>

INFORMATIVE: The granting of this planning permission does not in any way indemnify against statutory nuisance action

being taken should substantiated complaints within the remit of the Environmental Protection Act 1990. For further information please contact the Environmental Health Department on (01903) 737555.

INFORMATIVE: This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amended) and the 2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a building for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0345 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.

Neil Crowther
Group Head of Planning

Case Officer: Mr S Davis

Decision Issued: **9th July 2021**

Arun District Council
The Arun Civic Centre
Maltravers Road
Littlehampton
West Sussex BN17 5LF

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must send notice to the Local Planning Authority and Planning Inspectorate(inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details can be found at www.GOV.uk

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on

highway land).
