Heshy,

Thanks for the prompt response.

Our usual process is to only allow discussions/amendments on DOC applications where the amended details can be submitted and reconsulted on before the 8 week decision period. In this case I am willing to depart from that. You have confirmed an EOT until 8th July but if Craig only gets the info on 6th that will not give him much time for comment. We will come back to you with a further request for an EOT if Craig requires further time for review.

Hi Daniel,

Just forwarding you the email trail, as I have received an out of office email from Maria.

I just want to confirm that a decision should not be issued as we agreed on an EOT.

Kind Regards
Heshy Friedman

Hi Maria,

I understand from Our Acoustic consultant that he has agreed with craig that he will provide the additional information required.

Therefore, I would kindly like to request for an EOT until Friday 8th of July to be able to address the comments from the EHO.

Can you please confirm receipt of this email?

Many thanks.

Kind Regards

Heshy Friedman

Hi Craig,

I hope all is well and that you have had a good weekend.

I have just been passed your recent comments re a request for the recommended acoustic performance of the glazing to include R_{TRA} to effectively mitigate traffic noise.

I have tried your phone line to discuss this, however I just wanted clarification if the adjusted noise index of $R_w + C_{tr}$ would be sufficient, as that has superseded R_{TRA} ?

BS EN 12758:2019 defines C_{tr} as "Spectrum Adaptation Term for A weighted urban traffic noise" and the Pilkington Technical Bulletin on Noise Control states "The C_{tr} -value takes into account noise sources such as: ● Urban road traffic...."

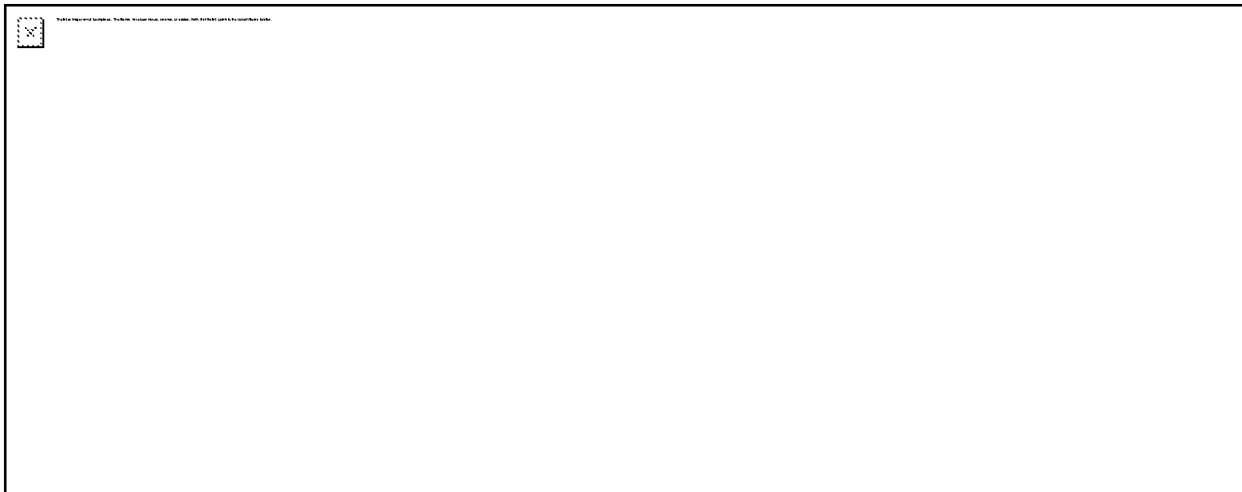

I believe the determination deadline is still set for July 1st so if you could confirm this is the case, I can adjust the report for your immediate attention.

I look forward to hearing from you.

Thanks so much for your assistance.

Kind regards

Aharon
