Please ask for:

Technical Support Unit on extn. 37711

14th January 2020

Dear Mr Martin Reynolds

Development:

To replace the bathroom, bedroom and kitchen windows and the entrance door - all of which are situated at the rear of No 8a, which overlooks Sadler st. in Bognor Regis see " rear of 8a " views 1 and 2 attached.

Currently the windows are all white painted timber sash with top and bottom sliding sections. The door is timber, painted black with the top half opaque security glass.

All are single glazed and are very old. Despite being refurbished 12 years ago and regularly painted, they are drafty and offer poor insulation, making the flat expensive to heat for our tenants.

We propose to replace them with white upvc double glazed casement style windows which will fully open to allow the same size of fire exit as they do now. However, because a down pipe restricts the opening of a casement, the bedroom window will be in a sliding sash style, as as present. They will all look very similar to the existing ones.

The new Upvc door will have a top double glazed panel in opaque security glass.

Please see "proposed designs " attached which gives an idea of how the new items will look

Location:

8A Sadler Street Bognor Regis

Thank you for your application submitted via the internet on 14th January 2020. It is being dealt with by the Technical Support Unit and has been allocated the reference number

BR/10/20/PL.

We will contact you shortly with further details.

For details on how the Council will deal with your data, please refer to our privacy notice called Privacy statement planning application on the website
