

Biodiversity Enhancement Statement

**Proposed conversion of loft to habitable use with 1No. rear dormer and 1No. front
rooflight**

At 33b Canada Grove, Bognor Regis, PO21 1DW

Context

As described above the proposal is for the conversion of loft to habitable use with 1No. rear dormer and 1No. front rooflight.

It is difficult to enhance the biodiversity with regards to the rear dormer except to install a swift box on the existing gable wall.
