Joanne,

Thanks very much for the comment – I will report verbally to DC Committee this afternoon and upload to the web site.

Dan

Subject: Planning applications BR/120/19/PL and BR/121/19/L - The Bandstand, The Promenade, Bognor Regis

Good morning Dan,

At the Town Council's Planning and Licensing Committee Meeting held yesterday evening, Members were notified that substitute plans had been submitted in relation to planning applications BR/120/19/PL and BR/121/19/L. Members noted that the agent, having regard for the Town Council's previous comments in objecting to the fitting of Perspex sheeting to the Bandstand on the grounds of design, appearance and visual impact to this iconic Listed Building in Bognor Regis, had addressed these concerns by omitting the originally proposed Perspex sheeting behind balustrading to form windbreaks.

Having now omitted the originally proposed Perspex sheeting, and being satisfied that the high level Perspex is necessary to prevent water ingress onto the proposed new timber ceiling, Members agreed to rescind their previous decision. Please note that Bognor Regis Town Council no longer object to planning applications BR/120/19/PL and BR/121/19/L.

Members have asked me to thank the officers at Arun, involved with this matter, for having recently engaged with the Town Council to discuss these applications, thereby enabling us to come to this conclusion. It is sincerely hoped

that the lines of communication with the Town Council continue to be forthcoming, as its Members look forward to working with Arun as this project develops through the various phases.

Kindest regards,

Jo
