

Application No: BR/122/20/OUT
Site Address: Garth House High Street Bognor Regis PO21 1HQ
Description of Works: Outline application with some matters reserved for demolition of Garth House and West View to be replaced with 20No. self contained apartments consisting of 10 No. 1 bed and 10 No. 2 bed apartments.

Bats

We require that a bat brick is integrated into the building onsite facing south/south westerly positioned 3-5m above ground.

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (within 24 hours of any work).

Policy ENV DM5

In line with Policy ENV DM5 of the Arun District Local Plan information on Biodiversity Net Gain needs to be provided as part of the planning application. Please can further information needs to be required demonstrating what will be included within the scheme. Examples of what we would be expecting to see include;

- Any trees removed should be replace at a ratio of 2:1
- Wildflower meadow planting used
- Filling any gaps in tree lines or hedgerows with native species
- Bat bricks / tiles are integrated into the buildings onsite facing south/south westerly positioned 3-5m above ground.
- Bird box to be installed on the buildings / and or tree within the garden of the property.
- Grassland areas managed to benefit reptiles.
- Log piles onsite
- We require that gaps are included at the bottom of the fences to allow movement of small mammals across the site
- two hedgehog nesting boxes included on the site

Kind regards

Liz
