Dear Adrian,

If by environment team you mean the Environment Agency then I don't have a contact to hand / have not yet heard from them. You would be better placed contacting them yourself to alert them to the situation.

Whilst writing, I wonder have you seen that the Town Council have objected? As a result of this and the way the application expiry date falls, I am going to take this to our Ctte on the 23rd June and will be commencing the report next week. The close for reports is Wednesday 9th June but I am on leave 28/05 to 04/06. It may be the case that not everything has been received by the time the report is written therefore we will use the written Ctte report update process to update members before the Meeting.

Kind Regards.

Dear Simon,

I have recently noted that our FRA needs updating since the environment agency climate change allowance has changed since this was last done.

I have requested our FRA consultant do this and they have said they will have it complete by 15th June. Please could you let your Environment team know?

Many thanks

Adrian
