Hi Simon

Thanks for your prompt response. We spoke on the phone about this application to which you raised "additional safety" concerns which do not form part of the Highways consultation. if this is not the case then I'm obviously happy for the consultants report to stand as it does not appear to object. We will undertake the consent to remove the telegraph pole and wall approval as you suggest,

Many thanks again
Best wishes
Nick

Dear Nick,

Thank you for this. We will upload this revised plan. However, this will not remove the concerns about access to the space unless you can also (a) demonstrate that you have consent to move the telegraph pole (I assume you would obtain this from BT?); and (b) demonstrate that the section of wall to be removed is in your clients ownership.

Please also advise what you mean by "your further comments around traffic safety as discussed 10 days ago" so that I can answer your question. Do you mean the comments of Highways forwarded to you on 10th June (22 days ago) or some other conversation? I don't recall any subsequent conversation.

Kind Regards
