Hi Nick,

I will need to get Admin to upload the plans and start the consultation. This in itself could take at least a week. Then the consultation period is 3 weeks (however the newspaper advert has to be a week before the start of the period so in practice, this will take 4 weeks. Then I will need time to write the report at the end of the consultation period. I am also mindful that the Legal Agreement may need to be changed to refer to a lower amount and this could also take an amount of time.

Kind Regards

Hi Simon

Can we agree to the EOT and ask for a less protracted period if possible. Middle of August perhaps ?

Many thanks

Nick

Hi Nick,

Thank you for sending these through. Apologies for delay in responding. I had to discuss with my Team Leader but he was not around/busy last week. I have now managed to speak to him and can confirm that we will accept these changes. However, we will need to reconsult all consultees, the town Council and residents (so new site notices). We will therefore need an extension of time from you until the 6th September please. If you can agree to this then I can proceed to action the changes to the application.

Kind Regards
