

Re 75, Highfield Rd

SCANNED

29 AUG 2019

Dear Sir or Madam

I would like to protest against the proposal for the above.

1 Where is the notice that usually appears to explain what + when is being proposed.

2 With a highly congested road already, people parking in other roads this will surely add more problems. I can foresee trouble ahead.

3 With the building work that will certainly be happening where are all the builders, contractors going to park.

4 Surely new houses in a line of old terraced houses would look out of place

5 In living in this area for many years and having to put up with the constant use of the road as a short cut surely this is absurd.

Yours Sincerely
