Dear Leeza,

As predicted Highways have commented on the charge points, stating that

“Further information is required. How many charging points are to be provided. Where are they located /If not for every space how is the parking allocated?”

You therefore now have 10 days to respond to the requests from WSCC and Env Health.

Kind Regards

Sorry, I should have said though that you may want to wait until WSCC Highways have responded as they tend to also comment on the charge points. I will then allow you 10 days from their response.
