As a family homeowner in Havelock Rd...which is in very close proximity to this proposed extension to no.21 Longford road...I take this opportunity to voice my objection to alterations to the 3 bedroom house to an H.M.O.

There are already far too many houses in this area with a very high number of residents. There is far too much late night activity and cars which race along that road late at night. This is a densely populated area and THE PARKING is already intolerable. The yellow lines may just as well not be there as they are largely ignored. Cars on pavements and making it a hazard for many. Not just Longford Road but all of the roads and corners that join it at both ends. There are more and more large vans and Lorries parking outside of our properties blocking vision for drivers and pedestrians alike.

Longford Road is the main Road into our town and the main bus route through. As a long time resident it really saddens me to see the area deteriorating as it is..not a good impression for our visitors.

We are a three bedroom house with parking so this isn't personal...this is a problem for us all.... Please don't add to a problem that we are all dealing with.

I do hope that this may get you thinking and add to a list of disapprovals for the proposed extension to 21 Longford Road.PO211AB

Yours
Pauline Heppenstall
