Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town and Country Planning (Development Management Procedure) (England) Order 2015**

Application No: BR/134/26/PL  
Site Address: 21 Longford Road Bognor Regis PO21 1AB  
Description of works: Change of use from dwelling house (use class C3) to 8-bed, 8-person house in multiple occupation (Sui Generis) to include a rear extension and loft conversion. This application is in CIL Zone 4 (Zero Rated) as other development.

Thank you for your internet representation made on 31st August 2026 which has been recorded as an objection with the comments as follows:

OWPC86353

Longford rd, one of the main ways into the town, is already unable to accommodate the amount of traffic that needs to pass through. There is barely space for two cars to pass each other and if busses / lorries are going in opposite directions one must pull in to the pavement while the traffic builds behind them.

There is nowhere for the additional cars to park as all adjoining roads are already over crowded. I have seen a fire engine, with it's sirens on, unable to turn from Havelock Rd onto Longford Rd due to the overabundance of cars parked throughout the corner. It needed to reverse back to Linden rd majorly delaying it's response time.

Entire street blocks are regularly hemmed in from parked cars making crossing the road impossible for wheelchair users. This is already passive discrimination and failure to observe the equality act at a planning level.

Additionally a three bedroom house being converted to an eight bedroom house is an absurd reduction in the amount of space each occupant will have.

With the increased numbers of HMO's (seven within 100 metres) how will water supply/drainage cope with more intense usage?
