Attention Mrs.S. Leeson

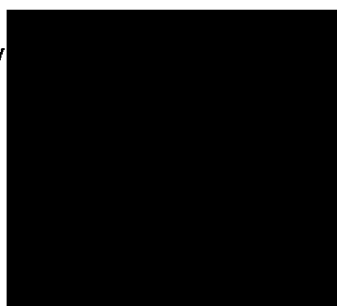

26/6/2013

Dear Madam,

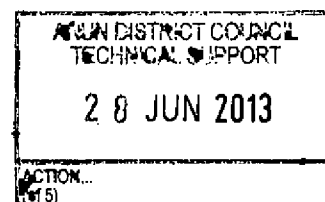

Whilst I do not object to planning application BR/135/13 (even though the present committee and the ombudsman refused my application for a three storey building only a few yards away).

What I do object to is that the application shows their refuse bins on ground that is my access to Ockley House, if it was agreed that this was to just be a collection point ,ie; no bin store, bins put out on the day of collection and removed the same day then I would have no objection.

Yours faithfully

David Dear
