Good Morning,

I have forwarded your email to the Planning dept so they may respond to you with the Planning process and which departments are involved in the decision making process.

Kind regards

Zoe

With regard to the planning application to House 80 seasonal workers in the former Royal Bay care home application no BR/138/20/PL - Aldwick would be at serious risk of a similar scenario should this be approved. It would be putting the area and residents/businesses at risk and it would certainly not be possible to isolate 80 people in a building hugely overcrowded and using shared accommodation and facilities.

Public Health must be involved in this.

B Condie Aldwick
