Dear Mr Austin,

Thanks for your letter which I will include in the written report update to the Committee next week.

I can assure that the applicant has not in any way influenced the recommendation of planning officers.

I am sorry if I took 12 weeks to issue you with a permission. However, you may wish to note that application BR/141/18/PL will be 19 weeks old next week so I can assure you that everyone is facing the same delays.

Kind Regards

Dear Mr Davis,

I would say that having walked past the site today the mountain of cardboard in the skip would suggest that refurbishment progress is well underway, the applicant knows the scheme will be approved or holds nothing but contempt for Arun's planning process as the committee has yet to formally decide and sees the planning process only as an administrative delay.

Is there a way of finding out if the applicant had orchestrated the result as I had to sit on my hands for 12 weeks for permission from you with my extension while it seems they will have tenants moving in on the afternoon of the decision.

I look forward to your reply as an ADC council tax payer

Frank Austin
