Dear Phil,

There was a short meeting today about this application between my Team Leader (Daniel Vick), the head of Building Control (Jim Henn) and the Group Head of Technical Services (Nat Slade). On the back of this, I have been asked to seek from you:

- (1) Whether you have any evidence to state that the building is wholly beyond repair as per criteria L of Policy HER DM3 ("It can be demonstrated that the structure is wholly beyond repair"); and
- (2) Whether you have any evidence regarding the internal structure that you have not yet submitted.

Kind Regards
