Dear Phil,

Although I could still do with the information re the rear parking that I asked about yesterday, I have now completed my officer report.

One of the planning conditions requested by Environmental Health is a Construction Management Plan which is a pre-commencement condition and I therefore need to seek our agreement to this. Please see attached letter.

I also need to agree an Extension of Time to cover the time since the original 8 week date. As I have to give you 10 working days to agree the pre-commencement condition, can we agree an extension until the 17th October. Clearly however, if you respond re the condition before then then we can issue the permission sooner.

Kind Regards

Dear Phil,

Can you confirm what is happening with the existing parking at the rear. I counted about 5 off-street spaces on Norfolk Street when I visited. The plan suggest these will be removed and replaced by the bollarded hardstanding area on which the bin store partially sits. Also, can you advise who these parking spaces were for. Thanks.

Kind Regards
