Hi Daun,

Please find attached our amended application for 'Lawful Development for a Proposed Use' I trust you will find it in order and suitable to now be accepted for consideration. I have also attached a copy of the plan of the building supplied by the paint booth manufacturer who are installing this equipment. The plan shows the paint booth installed and the three flues location, diameter and termination height above the ridge line. I have checked the building external roof height which calculates out at 4,021 Mts. Should you require any further information please let me know.

Thanks for your assistance.

Best Regards,

Hi,

I would like to request an extension to enable the additional information you have requested to be correlated and submitted. The current cut off date we have been given is the 4th June 2021, could you advise me if an extension to this date is possible? Your letter also stated the submission was on the incorrect form, I am having difficulty in locating any other form for this application, could you please advise me what is the correct form we should be using?

Regards,
