Dear Miss Burrows. I spoke to one of your colleagues recently whilst you were on leave to discuss this application. I understand the planning process is more involved than we have initially thought as we are not planning to make a physical changes to the building. However, it would seem that our best current option will be to Withdraw this planning application and then reapply with the assistance of a planning consultant. We were advised that our initial fee can be returned which will then be re used for the future application. Many thanks for your help and advice regarding this matter.

Yours Sincerely,

Jan van Driel.

Pastor, Bognor Vineyard Church.
