Dear Sir/Madam.

RE: UK HEALTH DIRECT LTD. Shripney Road, Bognor Regis West Sussex PO22 – CONTAINER ON FORECOURT

I am formally writing to object to a large blue container being placed on the forecourt of UK Health Direct Limited, address as above.

I have recently purchased my Grade II Listed cottage which adjoins the property known as UK Health Direct Limited and during the last few days a large container measuring approximately 20 feet in length and 8 feet 6 inches in height has been placed on their forecourt which almost completely fills the view from my kitchen window and that of my guest room window. It is detrimental to my property due to the size of it and is completely dominant and overbearing and gives a sense of enclosure as previous to its placement I could see quite a distance out of the windows. I feel it is intrusive and has a detrimental effect on my wellbeing and enjoyment of my home.

I realise that UK Health Direct Ltd. is a commercial property and that my home is of residential status but it is a Grade II Listed Building and as such I feel very strongly that the space adjoining the boundary wall should be respected and left open. It is already difficult enough that UK Health Direct Ltd. have gates which are locked from 5.00 p.m. overnight and half day on Fridays as well as at weekends which means I have no access to my outside wall for maintenance work or window cleaning and now to take away my view from the windows is extremely distressing.

I have already contacted one of the Councillors for my Ward and would welcome the opportunity to speak with the Council with a view to getting the container removed.

I look forward to your early reply.

Barbara J. Mosely
