Liz,

Although within a flood risk area, your proposal to rebuild an existing wall is very minor and we do not consider that it poses an increase to flood risk. Therefore in this instance we do not feel a flood risk assessment is necessary.

Regards

Keely

Dear Keely,

I have submitted a planning application for landscape works in the gardens of the Dome to Arun District Council. The key issue is the rebuilding of an old wall which requires permission and is shown as being within the flood zone. Arun DC have said that they may require a flood risk assessment for this area.

I would be grateful for your response.

I have attached the block plan for the site which shows the section of wall in blue, site boundary in red.

Best wishes

Liz
