Dear Mr Davis

Thank you for your message. Further to consulting with the Client, please find attached a revised drawing as requested, showing the 2 no. window panes of the first floor bay window facing east to be obscure, thank you. We trust we have interpreted your requirements correctly.
Should you require any further information please do not hesitate to contact us.

With best regards

Chris Pope

Subject: BR/153/17/RES - 3 Southdown Road

Dear Mr Pope,

We have a resident objection from 18 Southover Road stating that:

"The original submission showed bay windows to the ground floor but flat or flush windows to the first floor. This application shows bay windows to both floors on the front elevation This would result in a total loss of privacy in our

back garden. I do not see that the upper bay windows are necessary from an aesthetic perspective but they would represent an unjustifiable intrusion into our privacy and enjoyment."

I will accept the FF bay window in the eastern dwelling but only if the two windows in the side panel of the bay (which looks out across 18's rear garden) has obscure glazed windows. I can condition this but I would prefer it if you submit an amended drawing reflecting this please.

Any queries, please do not hesitate to call.

Kind Regards
