Dear Mr and Mrs Steward,

The approved plans on BR/153/17/RES stated yellow bricks and my officer report also referred to the use of yellow bricks. I note that the bricks you want to use are described as "Waresley Yellow Multi Gilt Stock". Although the bricks do not appear as yellow as say the planning file on my desk in front of me, a bright yellow colour would not be appropriate - and as they are described as being yellow and we approved yellow, I don't consider I would raise any objections to their use. You will still need to formally apply to agree the material.

Kind Regards

Dear Mr Davis

As discussed during our telephone call I am attaching details of the brick we would like to use in the construction of the pair of semi detached houses at the above address.

I would be grateful if you would consider this and let me have your opinion.

The arches and feature banding would be in Wienberger Warnham Red Stock.

I look forward to hearing from you as soon as possible.

Thank you for your time this morning and for getting back to me so quickly.

I will deal with the other conditions as a matter of urgency.

Regards

Ernie Steward
