2011(2102)/400

FAO Mrs S Honney-Bayes,
I refer to your emailed letter dated 24th June 2011.

Please find attached an amended site plan (dwg. 22A) which is cross-referenced to a detailed plan (dwg. 23A) identifying all the signs subject of this application. The signs in the area of the Click & Collect facility are confined to a small area & cannot be clearly identified on the site plan at the scale required. The separate standalone directional sign is shown on the site plan however the height & size has been corrected following a mistake on the original drawing. The Planning Portal site crashed during the application upload which we believe resulted in an incorrect drawing No. 23 being uploaded originally.

I trust this now meets your requirements & will enable the application to be validated.

Regards

David Farage
