For the attention of Chair, Simon McDougall

I have just learnt that you are chairing a planning meeting on 17 December to discuss the proposal for an HMO at 90 Aldwick Road from a B&B.

Bognor Regis Town Council expresses the view of local residents by opposing this proposal. Why won't you listen to views from those who know the area and the impact on the local area of approving this request? We are already inundated with HMOs here and indeed have the most HMOs along the south coast. This creates an imbalance in the fabric of the local community and instead of families moving in to the area we have more (usually) unemployed, single young men.

As you will be aware, crime and anti social behaviour is increasing here. Is there a connection there? The question must be asked.

Please consider the local environment and its people first.
