Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

Request consent to carry out works as per WSCC tree condition & health and safety report to include the following:

T89 Hawthorn: Height 7m, Canopy spread 4m, Stem Diameter 350mm. Reduce crown by 2-3m to appropriate pruning points due to leaning stem.
