Dear Mrs Brown,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application for Planning Permission

Development: We are a Catholic Primary School based in the centre of Bognor Regis with 312 pupils. We have a good sized school field at the rear of our school building, which we would like to make improvements to. Aside from a small amount of trim trail items, and a concrete games area, we have very little equipment on the field, and as such we would like to add a MUGA (Multi Use games Area) with an artificial grass pitch, Daily Mile Track and Clamber Stack.

Our hope is to install the Daily Mile Track and Clamber Stack around the perimeter of the school field. We would like to redevelop our current bible garden (located to the northern end of the site to the rear of the existing concrete games area) which is currently overgrown and not used, into the area for the MUGA to be installed.

Due to the siting of the MUGA, Daily Mile Track and Clamber Stack, they will not encroach onto the existing playing field. Sports England have been consulted and are in agreement with our plans subject to there being no negative impact on our football pitch. We can confirm that there will be no impact, and will now consult formally with Sport England as part of this application.

Measurements/specifics as follows:

- .Forest Climber to be placed on top of existing playing field, with a safety flooring installed;
- .Daily Mile track to be installed around the perimeter of the school field, a total length of 1m x 215m;
- .MUGA to be installed on an area that is currently a bible garden, and not used as part of the playing field. Measurements - 18.5m x 15m. This area is currently heavily planted, and fenced off from the current playing area, therefore space to play is not being lost.

Location: St Marys Roman Catholic School Glamis Street Bognor Regis PO21 1DJ

Thank you for your application submitted via the internet on 21st January 2021. It has been downloaded and will be checked for validity by the Technical Support Unit. It has been allocated the reference number **BR/16/21/PL**.

Once your application has been checked we will contact you again.

This letter does not confirm validity of the application/documentation submitted.

Yours sincerely

Neil Crowther
Group Head of Planning
