PAUL HETHELYI COLONY, HUNGARY

Thank you for requesting a survey and quotation from AGP, a market leader in the installation of synthetic surfaces and playground installations.

Following our detailed on-site survey, I am delighted to provide the following quotation:

MUGA Pitch

Supply and Installation of 15.5m x 19m MUGA pitch using AGP MultiSport artificial grass, including 2m perimeter fencing, 1 single pedestrian gate and all lines markings as per an agreed design - **£21,450**

Daily Mile Track

Supply and installation of a 1.2m x 250m Daily Mile Track - **£16,500.00**

Our installation quote includes all materials, labour, equipment hire and removal of all natural waste materials required to complete the proposed works unless otherwise stated.

The prices quoted are based on the design provided and our standard installation specification unless otherwise stated, and assume unrestricted access to the installation site and delivery of aggregates in loose loads. Any turfed areas damaged by plant will be levelled and prepared ready for the school to reseed.

At AGP Play we recognise that the installation of artificial grass is a significant investment for schools, and as such offer a 10 year manufacture warranty and UV stability guarantee on our complete grass range.

Our standard terms of payment are 50% deposit on booking your installation, 30% at the start date of installation and 20% upon completion of installation. However, we are happy to discuss alternate payment terms should this be required.

Working predominantly in schools, AGP are able to offer all the necessary health and safety assessments, RAMS documents, insurances and DBS checked, in house, installation teams to offer safe and efficient term time installations.

multisport

all-weather

Ideal for
muga installations

smoother
ball roll

4 colours
available

UK manufactured

MultiSport is 2G all-weather MUGA surface designed for higher level multi-sports play. Manufactured using the latest textured monofilament yarns and a thinner yet more densely packed blades, MultiSport offers a durable MUGA surface with increased speed of play and smoother ball roll whilst maintaining a perfect balance of ball bounce, traction and shock-absorbency.

Installed with only a light sand dressing, MultiSport remains a low maintenance MUGA surface option. MultiSport is available in a range of colours and offers the option of installing permanent MUGA line markings.

Product Specifications:

Pile height:	22mm
Stitch Rate:	200 /metre
Colours:	Green, Blue, Yellow, Red
Yarn Profile:	Diamond Yarn
Primary Backing:	100% Woven Polyprep
Secondary Backing:	Ultrabak SBR latex
Coating:	Ultrabak SBR latex
Total Product Weight:	2,152 g/m ²
