Good afternoon Amber

Further to our response on the 2nd of March earlier this month, I note we both received a revised plan for the daily mile track and the climbing/clamber stack this morning.

Having re-assessed the application in light of the new layout, Sport England is satisfied that the proposed development meets exception 2 of our playing fields policy, in that:

'The proposed development is for ancillary facilities supporting the principal use of the site as a playing field, and does not affect the quantity or quality of playing pitches or otherwise adversely affect their use.'

This being the case, Sport England **does not wish to raise an objection** to this application.

The absence of an objection to this application, in the context of the Town and Country Planning Act, cannot be taken as formal support or consent from Sport England or any National Governing Body of Sport to any related funding application, or as may be required by virtue of any pre-existing funding agreement.

If you would like any further information or advice please contact the undersigned at the address below.

Yours sincerely,

Bob
