## CONCLUSIONS

### PRINCIPLE

The proposed development is situated within the Built up area boundary where the principle of development is acceptable subject to accordance with relevant development plan policies. As stated in SDSP2 the key policies considered are DDM1 and DDM4.

### DESIGN AND VISUAL AMENITY

The proposed addition is situated at the rear of the property and will not be visible in the street scene. The proposed extension due to its siting and size is considered well integrated and subservient to the main dwelling. The materials used will match that of the existing dwelling and it is considered that development will not have any unacceptable adverse impacts upon the character of the area and will accord with DDM1 and DDM4 of the Arun Local Plan. Bognor Town Council has a 'made' Neighbourhood Plan however none of the policies are considered relevant to this application.

### NEIGHBOURHOOD RESIDENTIAL AMENITY

It is considered the proposal will appear well integrated with the host dwelling. The proposed extension will be situated away from the boundary line and will be approximately 24 from the Southern and rear garden boundary. By virtue of the proposals siting, design and scale it is considered that the development will not result in any harmful overbearing, overshadowing and overlooking impacts upon the neighbouring residential amenity and therefore in accordance with policies DDM1 and DDM4 of the Arun Local Plan.

### SUMMARY

The proposed development is deemed to accord with the relevant development policies and as such is recommended for approval subject to the following conditions and informatives.

It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
