Description of the Proposal

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

The development does not impact a priority habitat and the impact is less than 25sqm on the site.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
☐ Septic tank
☐ Package treatment plant
☐ Cess pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
☐ No
☒ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☒ Yes
- ☐ No

If Yes, please provide details:

As per proposed plans

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
- ☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
- ☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☒ Yes
- ☐ No

Please note: This question is based on the current housing categories and types specified by government.

If your application was started before 23 May 2020, the categories and types shown in this question will now have changed. We recommend that you review any information provided to ensure it is correct before the application is submitted.

Details of the pre-application advice received

In September 2024, a pre-application was submitted on behalf of the client for the "Proposed Development to convert the ground floor of 17 High Street and construct new-build over the rear to create 8 No. residential units and 1 No. Class E unit".

It was concluded that the Principle of the development would be supported by Arun Local Plan (ALP) SD SP2 and the National Planning Policy Framework (NPPF). The proposal would make efficient use of the underutilised land in a sustainable town centre location. With the location being within the High Street, it complies with Policy RET DM1 and BRNP Policy 4 – brining passive surveillance to the site and boosting the footfall. In line with the relevant policies, the ideology of a car free development would be supported given the site location along with the relevant cycle parking provision.

However, the following points were raised that have been addressed in this application:

Design and Character

Rear Extension (3-Storey, Flat Roof) may be visually dominant and out of character with the adjacent 1-2 storey development

Reduce the visual bulk and improve material design to better reflect local context (Policy D DM4).

Residential Amenity

Potential for overlooking and loss of privacy due to proximity between blocks

Requires obscured glazing and window restrictions to prevent overlooking

Balconies must include 1.7m obscured screening

Habitable rooms cannot rely solely on obscured glazing – must meet light/ventilation standards.

3. Internal Space Standards

1-Bed units (41sqm-42sqm) fall short of 50sqm min

Only the 2-Bed unit exceeds standards

Application currently does not comply with Policy D DM2

4. Flood Risk

Site lies within Flood Zone 3a (by 2111) and is at high risk of groundwater flooding – requirement to submit an FRA.

5. Heritage

Although not listed, the building is adjacent to locally listed assets and near a Grade II listed building.

A Heritage Statement is required showing how the development preserves/enhances the setting (HER DM1/DM2).

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
