Thank you for your application which was received on 3rd August 2020. I am writing to acknowledge that it was accepted as a valid application on 10th August 2020. On receipt of this letter, if you have any concerns about the way that the Council has described your application you should contact **Mr S Davis**, the case officer who is dealing with your application.

Your application cannot be determined until the end of the statutory publicity and consultation periods which is . You can follow how your application is progressing on the Council's website:  
<https://www.arun.gov.uk/weekly-lists>

The Council aims to make as many decisions as possible before the end of the statutory determination period, which in this case will be 5th October 2020. However, this is not always possible for a number of reasons, including on-going negotiations or the scheduling of Development Control Committees.

If you have not received a decision by 5th October 2020 or agreed in writing to extend the time in which the Council make a decision, you have 6 months in which to appeal to the Secretary of State. Your

appeal (under Section 78 of the Town & Country Planning Act 1990) would be that the Council has failed to make a decision and you would be asking a Government Planning Inspector to make the decision instead. You can do this on a form which you can get from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or from the Planning Inspectorate:

<http://www.gov.uk/topic/planning-development/planning-permission-appeals/>

If you allow the Council extra time to make a decision on your application, and you disagree with the decision, you will still be able to appeal within 6 months from the date the decision was issued.

This acknowledgement only relates to this application and not to any other applications you may have made, or may need to make to the Council, for example Building Regulations approval. You will need to carry out your own checks to determine whether any other consents or permissions are required.
