Dear Mr Watford,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application for Planning Permission

Development: Change of use of existing redundant storage building located at the south end of the pier to become a cafe/sauna. This application affects the character and appearance of The Steyne, Bognor Conservation Area, affects the setting of a listed building and is in CIL Zone 3 (Zero Rated) as other development.

Location: The Pier The Esplanade Bognor Regis PO21 1SY

Thank you for the information you have sent following my previous letter. Unfortunately I am still unable to accept the application as valid until the following matters are resolved:-

Please provide an existing and proposed rear elevation.

On plan WAT-002-P please label the floor plan and elevations as existing.

Please confirm how the foul water will be disposed.

Please confirm the amended description is accurate and satisfactory.

Biodiversity Enhancement Statement

Please submit a Biodiversity Enhancement Statement. This is a local validation requirement completely separate to the Biodiversity Net Gain requirements and as a minimum, it should state how the application seeks to protect and improve the existing on-site natural environment. Please refer to the validation requirements list for further information.

Flood Risk Assessment

This application requires a Flood Risk Assessment. The Environment Agency website provides information on what should be included. Please refer to the Validation Requirements List for further details and contact details for the Environment Agency.

For further detailed information on validation requirements please go to our website and refer to the

requirements list for this type of application: <https://www.arun.gov.uk/making-a-planning-application>
If you are unable to access the website, please contact this office so a copy can be sent to you.

Where the information requested above relates to a local validation requirement, you may request that the requirement is waived. The information requested should be reasonable having regard to the nature and scale of the proposed development and about a matter which it is reasonable to think would be a material consideration in determining the application. If you do not feel this is the case, you can serve a notice on the Council, specifying which particulars or evidence you do not consider meet this test of reasonableness. You must state which items you disagree with and set out the reasons why you hold the view, please quote the application reference in your letter or email. The Council will then consider your case and respond. It should be noted that there is no right to challenge the national requirements as these requirements are contained in planning legislation.

If providing additional documents or information, please email it to: planning.responses@arun.gov.uk with a covering email clearly explaining what is being provided. Do not resubmit it via the planning portal as we receive all the original information plus any amended information and it is not clear what has changed. Please provide the above by **12th November 2025**. If this information is not received by this date, I will close the file as incomplete and where a fee has been paid, will retain £40.00 (or the entire fee, if less than £40.00) to cover the cost of administering the return. Once closed, if you wish to continue you will have to submit a fresh application.

If this letter has crossed with you providing the information, please ignore it.

Yours sincerely

Neil Crowther
Group Head of Planning
